

Committee for Prof. D. P. Khandelwal Birth Centenary Celebrations

Namaskar and hearty greetings to all on Deepawali, the festival of lights....

This year in 2020-'21 we remember with great respect our founding father Prof. D. P. Khandelwal on his birth centenary. I am happy to announce that in consultation with our President a committee has been formed, as follows, to chalk out plans to celebrate Prof. Khandelwal's birth centenary.

Committee for Prof. D. P. Khandelwal Birth Centenary Celebrations

1. Dr. S. C. Samanta (Midnapore WB) Convener
2. Prof. S. B. Welankar, (IPS Academy, Indore -MP)
3. Prof. Y. K. Vijay, Jaipur – Rajasthan
4. Dr. T. Ananthakrishnan, Kocchi, Bangalore
5. Prof. Mrs. Rekha Ghorpade, Coordinator NCIEP (Mumbai)
6. Prof. Ravi Bhattacharjee, APhO Coordinator (Delhi)

Let me thank in advance the Convener Dr. Samanta and all the other members of this Committee. All of you, and all the Iapt members all over India as well, can send their suggestions to the above Committee, which will come up finally with suggestions in about two months' time.

In the DPK-BC Year we can think of

- (ii) One international activity, say APhO in 2022 already being planned, devoted to his memory in some way.
- (iii) Two or three national activities - one of them is the National Seminar for Students that is held every year in Chandigarh.
- (iv) Each RC should have one memorial event.
- (v) One activity to be named after Prof. Khandelwal which will be ongoing year after year, will be national, and will be inaugurated in 2022 say at the Convention...?

These are just suggestions, but let us keep in mind the fact that our budget is limited. The activities/programmes can be arranged in collaboration with other organizations/institutions.

.....KNJoshiipura, GS IAPT.....
